AMENDMENTS TO THE CLAIMS

1. (Currently Amended) A dispenser for a hand covering, comprising:  
a housing to receive a roll of thin, flexible film having opposing side edges to be used as a hand covering;  
a form configured to be grasped by a user through the film such that the film temporarily clings to the user's hand; and  
a set of ~~members~~ interlocking chains or opposing belts on either side of the housing to retain the side edges of the film as it moves through the dispenser for each use.
2. - 3. (Canceled)
4. (Original) The dispenser of claim 1, further including a cutter to cut the film into individual sheets.
5. (Original) The dispenser of claim 1, wherein:  
the form is connected to a pull-down mechanism that lifts a portion of the housing during use;  
and  
the weight of the housing falling back into position is responsible for resetting the dispenser for the next use thereof.
6. (Original) The dispenser of claim 1, further including a hand-shaped opening to assist a user in grasping the form.
7. (Currently Amended) A dispenser, comprising:  
a roll of thin, flexible film having opposing side edges and an adhesive surface to be used as a hand covering;  
a form configured to be grasped by a user through the film with the adhesive surface facing outwardly such that the film temporarily adheres to the user's hand; and
